

Create a personal, school, business or club time capsule that will surprise and delight you, your family, school children, your work colleagues or club members in 25 years. One of the most important things to go into a time capsule is a letter for the person opening your time capsule in 2039 that explains why you have included each item and what it means to you in 2014.

You can include any of the following items, or items we have not even thought of. Some of these items will be a mere memory in 25 years!

- ◇ Your organisation's or family's history.
- ◇ A variety of photographs of people and places taken in 2014. Write details on the back of photograph.
- ◇ A bottle of wine to be enjoyed in 25 years.
- ◇ A letter to your future self or your family to be read in 25 years.
- ◇ Ask your children to write a letter and/or draw a picture which has their name, age and a description of what it depicts.
- ◇ Observations of your life / life in Dubbo / life in Australia in 2014.
- ◇ Small personal tokens, trinkets, coins and notes.
- ◇ Photocopies of family or business documents. Please do not bury original documents.
- ◇ A video or audio recording with your family or friends.
- ◇ A lock of your children's hair, and a special toy or item of clothing.
- ◇ Some 'selfies' and a note explaining what a selfie was back in 2014.
- ◇ A list outlining what you hope to achieve in the next 25 years.
- ◇ Outlines of your children's hands and feet with their names and ages.
- ◇ A letter to a loved one.
- ◇ Poems, stories, mementos.
- ◇ School records, a diary or journal.
- ◇ Screen shots of your Facebook page.
- ◇ Your most recently discarded mobile phone without its battery.
- ◇ Receipts, bills, pay slip, page from telephone book showing your name.
- ◇ Newspapers and magazines from 2014.
- ◇ Anything that has personal significance to you and you would like to share with your family in 2039.

**You cannot include any of the following:** batteries, explosive materials, aerosols or gels, perishable items, original precious documents, precious jewellery or any liquids except for commercial alcohol in a properly sealed glass bottle.

Please **DO NOT** seal your own time capsule. We will use a cap with a special adhesive to ensure the contents remain in good condition for the next 25 years. This will be done when you return your filled time capsule.
